Public Hearing

President of Council Mr. Martin opened the Public Hearing at 7:39 pm for the purpose of discussing **AN ORDINANCE CHANGING THE ZONING CLASSIFICATION OF CERTAIN REAL ESTATE BY DECIMA DEVELOPMENT, LLC**. Mr. Webster began by stating that all members of council should have received on their desk the original Decima request for the zoning change and the minutes of the recommendation from the Planning Commission Robert H. Rauch. The parcels of land are located at the corner of Farson and Hanvey Streets and adjacent to the Speedway Gas station. One parcel (Parcel ID #08-33772 requires a zoning change from a R-1 to a C-2. In submitting the zoning request documents to the Planning Commission for Belpre as required, the Planning Commission has found that the parcel change from a R-1 to a C-2 for parcel ID #080033772001 (08003772000) for commercial purposes if justified as prepared/modified. This came fairly quickly as the project needs to begin. Mr. Holter is here this evening representing **DECIMA DEVELOPMENT, LLC**.

Mr. Ben Holter stated that he was owner of the business and building of the new Shriver's Pharmacy and wellness that will occupy the three parcels of land. Mr. Hilverding will be the pharmacist. Mr. Hilverding spoke briefly about himself to council.

Mr. Null asked about the size of the building. He was informed that it would be a little under 4,000 sq. ft. with a drive thru and parking. It will be more the size of CVS. It will be a retail pharmacy. We offer delivery service.

Dina Clark from Beverly was in favor of the pharmacy.

Bill Locke 726 Tuttle Street asked about when this would start. Mr. Holter stated that if we get the green light it will start within the next couple of weeks.

Mr. Locke asked if there was any negative feedback. Mr. Webster stated that he has received no responses.

The Public Hearing was closed at 7:48pm.

Reports of City Officials:

Mayor Lorentz reported that the Safety-Service Director and I met with the school maintenance representative Scott Trew to discuss the possibility of our street crew clearing snow during winter months. Our street foreman and service director will work out the costs and bring them to council for discussion. The school system has neither the manpower nor equipment to accomplish this task.

As I reported last month, Belpre will be host to a couple of the luxury cruise liners that travel the Ohio. If you have questions, we have Deanna Clark with us tonight that could answer all.

Last week I met with representatives from the Interstate Planning Commission, MOVTA, and O.D.O.T. to discuss the ability of running the bus line through Belpre. As it turns out the funds are there, to at least do the study that is needed. Belpre has no match in this. Mr. President, I would like this to be assigned to committee so that when the time comes the committee and council will be ready to act one way or another.

Our Police Chief and I attended the Global Leadership Summit on Thursday and Friday. This was very inspirational and I feel worthwhile.

On Sunday evening the Belpre Area Veterans held a very meaningful ceremony remembering all Purple Heart Recipients. August 7th was declared Purple Heart Day. Along with this information was presented on Agent Orange as October is designated for this. Bill Harpold and team deserve a lot of recognition for all they do.

Hopefully all of council received the email about the bridge closing. This is a disappointment to me but, if some people cannot follow the traffic rules all get punished. Safety has to come first.

York is scheduled to make the last connection Saturday morning at the hospital. This should finish Farson Street with the exception of paving. The south side of Braun is well under way with paving.

Another Homecoming in the books for Belpre. Our volunteers pulled off a very nice weekend in spite of the rainstorms.

Belpre will host cruise liners along the Ohio River. Deanna Clark is with us this evening to answer any questions you may have.

Deanna Clark with the Marietta/Washington Convention Bureau announced that we have working for a long time to get the cruise liners to stop along the Ohio River with Belpre being an alternative stopping place. This year we have been successful. The Mayor and the Safety-Service Director has helped us secure a spot. Mayor Lorentz stated that they would be stopping behind the Shrine Building on Blennerhassett Avenue. There is a slant access. Per Ms. Clark this was the only place that met the requirements. There is two different cruise lines and it is very confusing. One is called the American Cruise Lines and they operate the American Heritage that will be here on September 6th, 2022. American Queen Voyages who own the American Countess will be here on September 8th, 2022. We are very excited that they will be stopping here. Each cruise line has buses that follow them. They have a set agenda as to where they go. They will have a hop on hop off time to visit areas on the agenda. There are hundreds of people that will follow. They love to feel appreciated when they come. The folks taking the tour pay approximately \$10,000 to take this tour. It was suggested that you might have a hot dog and ice cream trailer.

Mrs. Cassady asked for the time that the cruise liner would arrive. She was told by Ms. Clark that the time was from 8am-5pm on the 8th. She wasn't for sure on September 6th, 2022 but would be back in contact with the City of Belpre on this.

Mr. Null stated that behind the Shrine Club was a wonderful place to dock.

Mr. Martin assigned to Mr. Ruth's committee the Cities Bus line.

Safety-Service Director Mrs. Hoblitzell reported that Kathy Davis with Washington County Soil & Water and I have been going over stormwater files in preparation of the EPA audit.

I attended the Hydro-Dyne Academy last week. We went over items that need upgraded in our sewer plant so that the system will run more efficiently. We were able to visit two sewer plant to learn how they run more efficiently.

The policeman's Pool Party was held today. Prizes were given out & fun was had by all.

City Auditor Mrs. Nolan was absent. Mrs. Cassady presented Mrs. Nolan's Auditor report. It is as follows: Reminder of the Annual Audit Exit meeting Thursday, August 11th at 9:00 AM in the Conference Room. All Council invited to attend.

City Law Director Mr. Webster requested an Executive Session before the adjournment this evening to discuss litigation. I would request that no further action be taken after the Executive Session.

Mr. Webster also discussed an incident that happened the afternoon of June 1, 2022. This incident resulted in the involvement of the Franklin County Sheriff's Office Bomb Squad.

I received my first information about the incident on July 29th, at 1:30 p.m. The mayor advised me verbally about a citizen complaint on July 30th, an email from Paula K. Sellers was sent to Belpre City Council Members, et al. I did not receive this email at that time. I received a copy of the email on August 2nd at 10:25 am from Council President Larry Martin.

From this point forward I have been attempting to collect information about this incident. I have reviewed an informal report from Police Chief Terry Williams, a copy of the Dispatcher records from that day, and their reports from Belpre Police Officers, and a copy of the Bomb Squad report. I have requested additional police reports and additional information from the Belpre Police Department.

Pursuant to an agreement with Mayor Lorentz and SSD Hoblitzell, I am continuing to seek additional reports from the Washington County Sheriff's Department, the Bomb Squad, Parkersburg PD, Belpre Police Department, ATF, and any other Federal Agencies that might be involved. I am also seeking information in regards to any written policies from the Marietta PD, Parkersburg PD, Vienna PD, and the Sheriff's Departments in Wood and Washington Counties. I am also in the process of trying to speak to the Detectives in charge of the bomb squad.

I'm also requesting any information from Belpre residents or any persons who may have personally witnessed any of the events that occurred on June 1, 2022.

Anyone who wishes to contact me personally may do so by calling my Belpre Office at 740-423-9548 between 8am and 4pm or you may leave a message on our answering machine after hours. My mailing address is PO Box 196, Belpre, Ohio or you can email me at twebster@suddenlinkmail.com.

Everyone needs to realize that I am trying to get the facts regarding this incident. Gossip, innuendo, and wild accusations are not what is needed right now. Please be advised that I will be on vacation from August 13th to August 20th. You may still send reports, emails, or leave a message that week.

Once I have the facts, I will complete a written, public report on my findings. If I believe that anyone has committed a crime, I will refer this matter to an outside agency to investigate further and I will then request that a prosecutor from outside Washington County be appointed.

Mr. Null asked if there was a bomb that went off. Is this a fraud or hoax? Mr. Webster stated that it was not. If the Bomb Squad believes that it is an explosive and is small enough that it can be exploded on site they will dig a pit, close to where it is and they will explode it in that pit as long as it is a safe area. Mr. Null asked why they didn't take it to the Gravel Pit. Mr. Webster stated that he didn't know the answer.

We were not asked or given a chance to quote the 2021 or 2022 contract. I messaged and called the safety service director why we were not able to bid these and was never given a reply. I also asked the mayor if we could bid them again in January and he said he would see when it was up and had not received a reply yet. I hope this answers your question.
