Mayor Lorentz reported that since our last meeting the Street Foreman and I travelled toward Columbus as we were told dealers had dump trucks in stock. They did but none meet our needs.

Two houses were demolished on Walnut Street last week leaving one more on the building demolition and revitalization grant.

The administration met with a couple trucking companies to help eliminate semis travelling on our residential streets. It seems their navigation doesn't take into consideration the width of the streets or corners. Some signage may be needed to help this process.

The Alumni ice cream social was a success last weekend. The weather was nice and hot, and the crowd was steady all day. Almost 400 hotdogs were sold.

Mullen Baptist Church has rented the pool for August 8th from 6-pm until 8-pm for a welcome back to school party. If you are a student at Belpre City Schools, you are welcome.

Safety-Service Director Mrs. Hoblitzell announced that Eddie Richardson, foreman for the WWTP was present this evening to discuss an EPA ordinance change that is necessary to meet EPA rules. Mrs. Hoblitzell stated that this needed assigned to committee. Mr. Richardson asked that it be assigned. Mr. Martin assigned to Mr. Millhoan's Utility committee.

Mayor Lorentz stated that he forgot to mention that the O'Neill Center Contract needed assigned to committee.

Ms. Abdella asked for clarification of the low-pressure switch. Mr. Richardson stated that on the pressure side of the pump it would depressurize the suction side of the pump. This has to do with the water. Ms. Abdella asked if this effects commercial and residential customers? Mr. Richardson stated that yes it does. Mr. Martin stated that there is a time frame on when this needs to be done. According to Mr. Richardson it has to be done by the end of next month. This is for the EPA.

Golf cart license renewals are due this month. The city would like to remind operators of golf cart ordinances, rules and regulations. They are on Facebook and Kim Martin in the police department has copies of these rules and regulations.

Speed limit signs by Civitan Park will be changed to 10 mph per Belpre's ordinance.

Jeff Carr with EDG is here and would like to talk about the survey upgrades or replacement.

Jeff Carr spoke about sewer rates, upgrades or replacement. The law director has prepared a resolution that is very similar to the water resolution. So, there were two alternatives: one was to replace the sewer treatment plant, next was to upgrade the existing sewer treatment plant. The legislation is before you this evening if anyone has any questions.

Mr. Martin informed Mr. Carr that this came to us this afternoon and I'm going to reassign to Mr. Ferguson's committee.

Ms. Abdella stated that on the rate analysis that we discussed earlier what is the time line on that if you get the approval to do that? Mr. Carr stated that typically it takes about two or three months. It also depends on how quickly I can get the information. We have already started on the Capital Improvement Plan.

Ms. Hoblitzell asked if there is a deadline for the resolutions? Mr. Carr stated that he thought it was August 31st, 2023. Starting now will give us the nomination for construction next year. Mr. Carr stated that we have to submit it by the loan application by the first of the month.

Mr. Martin assigned to the Finance/Audit Committee the O'Neill Center Contract.
